DETAILED ACTION

Response to Amendment

This Office action is in response to Applicant's communication filed October 16, 2007 in response to the Office action dated July 17, 2007. Claim 2 has been amended. Claims 2, 4, 6, 8, 10, and 12 are pending in this application.

Allowable Subject Matter

Claims 2, 4, 6, 8, 10, and 12 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose a circuit with the specific structure, the combination including the limitations of:

(**Claim 2**) "...if the CAM device includes no physical bank assigned to the logical bank to be searched;

the logical bank-physical bank converter outputs a signal directly to the cascade circuit to inform that there is no physical bank assigned to the logical bank so that the cascade circuit generates one of a signal indicating that there is no hit entry in the CAM device and a signal indicating that there is no empty entry in the CAM device as a search result of the CAM device..."

As dependent **claims 4, 6, 8, 10, and 12** depend from an allowable base claim, they are at least allowable for the same reasons as noted above.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
